

On the application of Mrs Celia McCurley,  
for Pay.

Personally appears before me  
the undersigned authority, Hon. Thos M. Harlan  
& Jesse Walling, both to me personally known, who on  
oath declare and say: we were both in the Army of  
the Republic of Texas in the year 1836, and know  
that the Army consisting of about eleven hundred  
men, camped near Mrs Celia McCurley's residence  
near Buffalo Bayou some 10 or 12 miles ~~below~~<sup>above</sup> Mar-  
risburg and killed and consumed quite a number  
of Beesves, Bacon and Corn; the quantity or value  
of the same we cannot tell; but we know that some  
Beesves were also driven off by the army.

H. P. Brewster also appears and states on oath,  
that the above statements are correct.

Subscribed & sworn to before me  
this 23d January 1858.
